Subject: Senate Bill 1129

To whom it may concern:

We are in support of passage of Senate Bill 1129 that seeks to reform the current "Early Release System" now in effect. There are many cases since the inception of this early release program resulting in released inmates committing heinous crimes from assault to murder right after their release. This is not acceptable. The citizens of Connecticut deserve better protection from its government.

Yours truly,

Mark & Mary Ann Simmons
